LISTED BELOW ARE THE BURN PERMIT REQUIREMENTS. IF YOU HAVE ANY QUESTIONS REGARDING PERMIT REQUIREMENTS OR THE STATUS OF YOUR PERMIT, CONTACT YOUR FIRE MARSHALL.

An adult person may burn permissible materials only from sunrise to sunset provided the following conditions are met:

- A. Any burning must occur on a lot of at least 100 feet by 50 feet in dimension and must occur on a **non-combustible surface** or in a non-combustible container which is no closer than 50 feet to any structure other than a structure owned by the permit holder burning said materials. The amount of permissible materials to burn shall not exceed in size a 5 foot by 5 foot by 5 foot dimension and no burning shall be allowed during a time when wind conditions exceed 10 miles per hour. In addition, commercial pit burning shall be allowed only under the following conditions; (i) any such burning must occur on a lot of at least 1 acre or more in a fire pit located no closer than 300 feet to any structure other than a structure owned by the permit holder burning said materials, (ii) blowers must be used to accelerate the rate of combustion; and (iii) compliance with the following provisions.
- B. The person in charge of this use by name and address, and also identifying the proposed location on the permit holder's property. No application shall be approved unless applicant produces documentation of ownership of the site location. All applications for said permits shall be made available during normal business hours and are valid only for 72 hours following approval from the Fire Department.
- C. The adult permit holder in charge of the use must be physically present during the controlled burn and have the permit available for examination by any law enforcement officer or fire department personnel. Adequate fire extinguishing equipment shall be on-site and available for immediate use by the person at all times during the controlled burn.
- D. Notwithstanding the issuance and approval of any permit, the Fire Marshall retains the authority to prohibit, delay or cancel any opening burning if atmospheric conditions or local circumstances make such burning hazardous, offensive or objectionable.
- E. Permissible materials shall mean all naturally occurring materials such as wood products, tree limbs, branches, shrubbery, clippings, leaves, etc. Impermissible materials shall mean tires, asphalt shingles, paints, plastics or other products containing rubber, Styrofoam or leather.
